

A • Job Titles & Address 직함 • 호칭 총정리

Titles vary between companies, and many startups use flat systems (e.g. 매니저, 프로, or English names). When in doubt, observe what colleagues call each other and mirror it.

Other forms of address

팀장님	Team leader (role, not rank)
선배님	Senior colleague / alumnus who joined before you

선생님	Teacher; also doctors, professionals, respected elders
○○ 씨	Name + 씨 — for peers or juniors of similar level
○○ 님	Name + 님 — polite and neutral; common in email and flat companies

Three golden rules

1. Never use 당신 (“you”) to a colleague.

3. With clients, use their title even if they are younger than you.
